

## Alumnus

I attended St Bartholomew's School from 2005 to 2012. I moved on to Bohunt School which I enjoyed very much. Although it is very large it has a good community atmosphere and I learnt a lot of important life skills, enjoying most of my subjects, participating in the Bohunt Big Band, and going on a fabulous Geography field trip to Iceland. I am now at Godalming College taking A-Level Maths, Physics, Economics and AS Music Tech, as well as participating in the Concert Orchestra and Jazz Band. I am also working towards a music performance diploma, and play in a number of bands outside of college. I started playing drums while at St Barts and played my very first gigs there. I hope to go on to University to study Engineering, but plan to keep up my music.
